Consent Form (Please read and sign both sections of this page)

Naturopathic medicine is the treatment and prevention of disease by natural means. Gentle, non-invasive techniques are used in order to support and stimulate the body's inherent healing capacity. Naturopathic therapies include: diet and nutritional supplements, botanical medicine, homeopathy, traditional Chinese medicine and acupuncture, naturopathic bodywork, and lifestyle counselling. Your Naturopathic Doctor will take a thorough case history, perform a physical examination as is pertinent to your case, and make recommendations based on the history, findings and assessment.
